

Every school. Every sport. One place.

 10,910 schools and campuses  every state and territory  20 sports  37 uniform items
Listings depend on what families share.

One place, by parents

By parents, for parents. We're school-run parents too, so we built the app we wished we had.

Every school, one place. Find your school's uniforms without trawling a dozen different groups.

Every sport, one place. AFL, netball, soccer, swimming, rugby, hockey: club and community gear for 20 sports lives here too.

Community first. Good gear stays local, passed from one family to the next.

Find exactly what fits

Find it in seconds. Filter by school, sport, item, size, condition and price. Found it.

Only see what you need. Filter by your school or sport, and the feed shows just what fits.

Pick-ups that suit you. Set your preferred distance, or look at everything.

No surprises

No surprises at pick-up. Every listing shows its condition up front, so what you see is what you get.

Listed means available. If you can see it, you can buy it. No more "is this still available?"

Sold? It vanishes. Sold items disappear on their own. Sellers don't need to update a thing.

Easy, safe and fair

Sort pick-up in the chat. Agree a time and place in the in-app chat.

No cash, no stress. Pay securely by card in the app, through Stripe. No ATM dash, no awkward change at the gate.

List it in a minute. Snap a photo, add the details and post it. About a minute.

Fair fees, shared. Buyer and seller each pay a small fee, kept as low as possible. You see the total before you pay.

Better for the planet

Give good gear a second life. Better for your budget and better for the planet.

● HOW IT WORKS

- 1 Snap and list** About a minute.
- 2 Find and chat** Filter by school or sport, then chat in the app.
- 3 Pay and pick up** Buy now → Checkout → Payment received → pick-up in the chat → Mark as collected.
