

UniformHub

Every school. Every sport. One place.

Grown out of it?

ONE PLACE, BY PARENTS

By parents, for parents

We're school-run parents too, so we built the app we wished we had.

Every school, one place

Find your school's uniforms without trawling a dozen different groups.

Every sport, one place

AFL, netball, soccer, swimming, rugby, hockey: club and community gear for 20 sports lives here too.

Community first

Good gear stays local, passed from one family to the next.

FIND EXACTLY WHAT FITS

Pick-ups that suit you

Set your preferred distance, or look at everything.

Only see what you need

Filter by your school or sport, and the feed shows just what fits.

Find it in seconds

Filter by school, sport, item, size, condition and price. Found it.

NO SURPRISES

No surprises at pick-up

Every listing shows its condition up front, so what you see is what you get.

Listed means available

If you can see it, you can buy it. No more "is this still available?"

Sold? It vanishes.

Sold items disappear on their own. Sellers don't need to update a thing.

EASY, SAFE AND FAIR

Fair fees, shared

Buyer and seller each pay a small fee, kept as low as possible. You see the total before you pay.

List it in a minute

Snap a photo, add the details and post it. About a minute.

No cash, no stress

Pay securely by card in the app, through Stripe. No ATM dash, no awkward change at the gate.

Sort pick-up in the chat

Agree a time and place in the in-app chat.

BETTER FOR THE PLANET

Better for the planet

Give good gear a second life. Better for your budget and better for the planet.

Someone's growing into it.
